## Six Mile Bend Is Named No. 1 Death Trap In Florida

Local And County Bodies Seek Immediate Elimination Of Hazard Here

An accident at Six Mile Bend, which resulted in two drownings Tuesday, began local action requesting the State Road Department to eliminate the hazardous section of the road. The local move spread and Wednesday Rep. John E. Bollinger visited Alfred A. McKethan, Sr., chairman of the State Road Department, to request immediate elimination of the hazard. McKethan requested a new bridge at the curve stating that Glades groups are "up in arms over the accident."

Henry O. Earwood, newly elected president of the 441 Highway Association, began the list of complaints when he wired and wrote McKethan and Bollinger. McKethan said that the death toll at the bridge for the last year stands at five and estimated property damage at \$100,000. Earwood said that the hazard has been pointed out to the SRD several times, and he urgently requests immediate action to eliminate the death trap now in existence at this location.

The city commission and the chamber of commerce are following with similar action. The Earwood, Hose, Beacher, 73, New Castle, Indiana, and John Seger, 56, Port Orange, were drowned when their car was traveling east in failed to make the bridge curve and the 1931 Plymouth sedan plunged through the bridge railing into the canal.

Police, first on the scene, got in touch with Assistant Fire Chief Bob Reiser, who worked over the bodies with department equipment for some time. Roscoe Braddock got the bodies from the canal.

Bodies have been taken to the Berry Funeral home, Pahokee, and effort is being made to reach relatives.

**SUGAR CORP. HAS RIGHT TO BAN SOLICITORS**

Circuit Judge Jos. S. White ruled recently that the United States Sugar Corporation has the right to ban peddlers and solicitors from its labor settlement. In giving his opinion in denial of a petition for writ of habeas corpus, Judge White said, "There is a vast difference between the peddler and the solicitor. The peddler is a person who sells goods, while the solicitor is a person who solicits business for a corporation."

This court sees no violation of the petitioner's constitutional right by regulations promulgated by the United States Sugar Corporation for the use of its labor camps by peddlers. The petition has been filed by Jos. M. Doctovitz, a Philadelphia clothing salesman who charged that his constitutional rights had been violated, and cited a Supreme Court ruling in the Alabama case.

## HON. ALFRED A. MCKETHAN, CHAIRMAN STATE ROAD DEPARTMENT TALLAHASSEE, FLORIDA

Two more people lie dead east of Belle Glade as result of the death trap at Six Mile bridge on State Road No. 50 bringing the total for the year to five deaths. Many other accidents and injuries have occurred at the same place. This death trap must be eliminated promptly. Please give this project top priority in this vicinity.

JOHN BOLLINGER

## HON. ALFRED A. MCKETHAN, CHAIRMAN STATE ROAD DEPARTMENT TALLAHASSEE, FLORIDA

Road 80 is one of Florida's very heavily traveled arterial highways and is the only highway directly connecting Belle Glade and the Southwest part of Palm Beach County with the County Seat West Palm Beach.

Two more tourists have just been killed at the Six Mile Bridge east of Belle Glade making a total of five deaths in the last year. Thousands of tourists constantly being sent in repairs as a result of these accidents. Your board take immediate action to eliminate Florida's worst death trap.

PALM BEACH CO. RESOURCES DEVELOPMENT BOARD BY R. J. BLANK, MGR.

February 7, 1951

## TO: MR. R. J. BLANK, PALM BEACH RESOURCES DEVELOPMENT BOARD WEST PALM BEACH, FLORIDA

Retel having engineering department make up to date estimate of cost and prospect of procuring materials for replacing bridge on SR 80 east of Belle Glade pending this directed traffic department to take every precaution to insure protection and safety by proper highway marking.

ALFRED A. MCKETHAN, CHAIRMAN STATE ROAD DEPARTMENT

February 7, 1951

## Warm Influences Spare Crops Here

At least one phase of the Glades economy escaped damaging effects of the cold spell last weekend when a frost was predicted.

The freeze failed to materialize due to the extensive cloudiness, according to Wiley Milligan, field meteorologist with the federal frost warning service here.

Moisture in the soil caused by heavy rains and rain Friday night also helped to keep the air mass from reaching the Glades.

Saturday night warming influences shielded the Glades from the Atlantic producing cloudiness during the critical period. Another contributing factor was that the air mass had remained over Gulf waters and absorbed moisture which tempered the cold wave especially in the northwest typical Florida weather.

On the less sunny side, Milligan states that it appears that as long as the Arctic Stream is banded up on the northwest typical Florida weather growing warmer will be delayed.

"Any effort to pin a weather man down to a prediction for the immediate future is usually fruitless and often produces a forecast which is not too warm or not too cold and not too wet and not too dry." (At least this was Milligan's opinion.)

**RELIGIOUS CENSUS BEING TAKEN IN BELLE GLADE**

An interdenominational religious census is being taken of the City of Belle Glade with the following results:

Com.	Wk. Sec.	Wk. Sec.	Wk. Sec.
Baptist	51	3	43
Catholic	1	3	4
Celery	34	220	61 496
Chlorine	0	0	2 10
Chlorine	0	0	2 10

## Cold Spell Kills 225 Cattle Here Co. Agent Reports

Highest Single Loss Reported At 37 On This Side Of Lake Okechobee

The Glades newest industry—cattle—confronted another enemy last weekend when a rare combination of wind, rain and cold weather caused the loss of approximately 225 head in the immediate area, according to a report of H. L. Speer, county agent.

Although ranchers in the area fared better than those on the west side of the lake, there are few who weren't hit at least lightly. Highest single loss sustained here was about 37 head, Speer reports.

Since the disaster hit the lake country a week ago, various theories on the cause of the deaths have been advanced.

General belief now seems to be that cattle, undernourished from lack of grass, died from exposure to the cold when the rain and wind completely drained the animals' bodies of heat.

Dr. Clarence Kidder, veterinarian, reports that three factors were responsible for the death toll. These include poor condition of the animals, cold wind and hard rain. He indicated that there might have been a few scattered cases of eye grass poisoning.

The condition in the grass is caused by continued rains, he explains. Nitrogen accumulates in the soil during dry periods. This goes into solution when it rains and is taken up by the grass becoming nitrate.

Several days following the rains nitrate is converted into a deadly food element. Rye grass poisoning is indicated by the blood which resembles chocolate.

According to reports from Grady Norton, meteorologist in charge of the weather bureau, the wind was the most deciding factor.

"Cold rain, a half a degree or more above the freezing point, robbed the animals of body heat. But they would have survived if the wind and cold rain hadn't been so bad."

With the wind, evaporation occurred on their bodies. This process always lowers the temperature a degree or two, Norton said.

Deaths seemed to generally follow the wind direction.

## EDITORIAL

There'll be no more Neros fiddling while Rome burns if our boss has his way.

According to an AP release which appeared in many southern news papers last week end, Luther Jones sent an explosive telegram to General Vivian Collins, head of the state draft organization.

His contention was that all young men now being called pending recuperation of sick railway trainmen.

He appears to us an oracle of the people in this action and such a person is pretty rare in these times. The voice of something other than is always speaking but that of the people has been pitifully submerged in the clamor.

Boys' feet freeze in Korea, and railmen strike here. Our boss says, "The boys in Korea and the mothers of I-A's have the powers that be find a sedative if not a cure for the sick railway men who are jeopardizing food supplies, ammunition and other defense efforts."

And so it goes. Truman proposes the highest taxes in the nation's history, and bureau run wild with wastes. Government officials declare an all-out-for-war and propose a cross state canal. And "Nero fiddled while Rome burned."

Since this release concerning the action of our boss appeared in numerous papers, we of the state believe it should be mentioned here, and we add our vigorous "OK" to the support of the legislative action.

Words of commendation through letters and telegrams have been coming in, and we add our vigorous "OK" to the support of the legislative action.

Superintendents of Florida institutions met at the Glades State Prison farm last week to discuss budgets to be submitted to the legislature.

Meetings are scheduled annually to consider problems of institutional management.

In the group were L. F. Chapman of the State Prison Farm at Raftord, R. C. Phillips of the Florida Farm Colony in Gainesville, Leland W. Hart of Apalachee Correctional Institute, Dr. W. D. Rogers of the Florida State Hospital in Arcadia, Dan D. Almerbert, purchasing agent for the board of Commissioners of Tallahassee, and C. M. Greene and J. C. Baldwin of the Glades State Prison.

Following lunch at the Greene home, guests toured the prison mill.

**CATTLE CHECK SHOWS PROMISING RESULTS**

Not one case of tuberculosis or brucellosis was found among 250 milk cows recently tested in this area, according to H. L. Speer, assistant county agent.

Through intensive studies, he discovered the drug to have desirable characteristics including a much lower toxic effect on animals than other such substances previously isolated.

Streptomycin proved a better against a number of bacteria not affected by sulfa or penicillin.

Only two years after its isolation, the drug was in large scale production and in the hands of many manufacturers.

This "miracle drug" is the most effective antibiotic yet discovered against tuberculosis.

In some parts of the world immediate treatment with streptomycin is required.

(Continued on page 4)

**COVILLION CLUB TO HAVE VALENTINE BALL FEB. 17**

The Covillion Club, membership dance society, schedules the second social event of the year on February 17 when it will sponsor a Valentine Ball at the Municipal Club.

Art Giles' eight piece orchestra, which was contracted for the New Years dance, will play at the function.

Form of dress will be optional, according to C. J. Asper, president.

**GLEE CLUB TO SPONSOR SPAGHETTI DINNER**

The high school Glee Club is sponsoring a spaghetti dinner in the school cafeteria February 18, according to Miss Margaret Najar, music instructor.

Proceeds of the dinner will go toward studying of the Glee Club before congress.

Proceeds of the dinner will go toward studying of the Glee Club before congress.

## Inspection Of Water Dept. Shows Deterioration Due To Improper Maintenance Care

Board Of Health Officials Make Report At Request Of Local Bodies

A modern day Pasteur, Dr. Selman A. Waksman, pioneer in research of Antibiotics (so called miracle drugs) and in the isolation of streptomycin, visited the Everglades Experiment Station last week.

Here for a brief visit and rest, the scientist recently attended the tenth annual Streptomycin Conference in Atlanta, Dr. and Mrs. R. V. Allison met him in Miami and were his hosts over the weekend.

Well known for his work leading to the isolation of streptomycin, Dr. Waksman has made contributions in the fields of microbiology and biochemistry.

Dr. Waksman succeeded in isolating Streptomycin in 1943 after many fruitless attempts with bacteria-killing substances from the soil.

Through intensive studies, he discovered the drug to have desirable characteristics including a much lower toxic effect on animals than other such substances previously isolated.

Streptomycin proved a better against a number of bacteria not affected by sulfa or penicillin.

Only two years after its isolation, the drug was in large scale production and in the hands of many manufacturers.

This "miracle drug" is the most effective antibiotic yet discovered against tuberculosis.

In some parts of the world immediate treatment with streptomycin is required.

(Continued on page 4)

**ELKS CLUB TO HONOR FAST EXALTED RULERS**

Elks will honor past exalted rulers of the local and Pahokee Elks clubs at the regular monthly night meeting.

Past officers will jointly initiate a class of nine candidates, according to the secretary.

Past rulers of the local lodge are: A. E. Kirchman, L. C. Betner, Sam Berry and Guy J. Bender.

**PAR-TEE LINE**

Country Club of the Everglades

On February 25, Cleviston, and local golfers will meet on the Municipal Country Club course, according to Joe Joe Graham, star quack ball player of the Cleviston-Browns professional team and C. Brown McDonald, local star who plays with the University of Florida team.

Speaking on "The Value of Golf," Athletics to Youth, Coach Feller pointed out the many roles athletics play in the development of youth.

"Athletics are one of the few things left in today's society to make boys tough and rugged," he said.

Describing the state's newest college team at Florida State, Hester Supply Company will sponsor the jake box.

## Shootin' Blanks

By Paulette

The theory of looking before leaping, evidently, went wrong around here with the dinosaur, duck, figure eight pretzels and nicker beer. Now we just let him leap and then the looking.

After looking we take a snuff of the Lotus (flower of forgetfulness) and smile on down the march.

This time we are not forgetting the accident at Six Mile Bend Tuesday, when two tourists were drowned, and we're remembering the list of names which preceded this at this hazardous point.

Telegrams from Rep. John Bollinger, Resources and Development Board, 441 Highway Association, chamber of commerce and the city commission to the State Road Department.

## Social Happenings

Mr. and Mrs. Jimmy P. Cobb Jr., of West Palm Beach, former Belle Glade residents, announce the birth of an 8 lb. 2 oz. baby girl, February 3, at St. Mary's Hospital.

The baby has been named Pamela June. Mr. and Mrs. Bryant McClelland are the maternal grandparents, the mother the former Mae McClelland.

Dr. and Mrs. J. H. Standel of Cleveland, Ohio are guests this week at the home of Dr. and Mrs. Roy A. Bair.

George King left yesterday for Tallahassee to resume his

studies following a mid-term vacation spent here with his parents, Mr. and Mrs. Edward King Jr. George, who is majoring in mathematics and science, will graduate in June.

Guests last week end of Dr. and Mrs. Roy A. Bair were his parents, Dr. and Mrs. Charles R. Bair of Penney Farms, Florida and his brother, Byrom C. Bair of Palmetto, Ohio.

Little Joe David Wyckoff who was operated on at a West Palm Beach Hospital last Saturday is staying at the home of his grandmother there for Doctor's observation. He was injured severely when kicked by a playmate last week.

Mr. and Mrs. James E. Waddell visited his parents, Mr. and Mrs. B. Q. Waddell last Saturday and Sunday. "Jimmy" will graduate from Stetson University in June and has been accepted at Emory Dental School, Atlanta, where he will enroll next fall.

Mr. and Mrs. Joe Cherry Jr., moved into their newly completed home on Conner's highway last week end. Since their marriage last September they have lived with her parents, Mr. and Mrs. Ray B. Raulerson in Pahokee while their new home was being built.

Mr. and Mrs. C. C. McCrary will leave tomorrow for their home in Florence, South Carolina, following a week's visit with her mother, Mrs. Josephine Farmer.

Mr. and Mrs. Barnes Creech are visiting his parents, Mr. and Mrs. R. Y. Creech, Sr. Barnes recently graduated from the University of Florida, Gainesville.

Mr. and Mrs. L. R. Koffman and children, Reima, Danny and Larry of Oakridge, Tennessee and Mrs. James H. Koffman, Sr., of Trenton, Tennessee, arrived Sunday for a visit at the J. H. Koffman home in Northmoor subdivision.

Mr. and Mrs. Harry Carter of Van Wert, Ohio are visiting at the home of Mr. and Mrs. C. C. Livingston.

Miss Rosa Thornton of Sasser, Georgia is a guest at the home of her niece, Mr. and Mrs. John McKenzie.

Mrs. Florida Buck and little daughter, Monica, have returned to Brooklyn, New York following a month's visit with her parents, Mr. and Mrs. John Garrett.

Mr. and Mrs. N. L. Watson and children from Bartow were guests last week end of Mr. and Mrs. Lee Berryhill. Mrs. Watson and Mrs. Berryhill are sisters.

Mr. and Mrs. Howard Armstrong of Fort Lauderdale visit-

ing their parents, Mr. and Mrs. John Garrett last week end.

Mr. and Mrs. H. O. Carlton have as guests his brother and family Reverend and Mrs. Graham S. Carlton and son Bob of Virginia Beach, Virginia.

J. B. Jones has been confined to his home with virus pneumonia the past week.

Mrs. Mary Pope, who is employed in Orlando, spent the past week end with her husband, Ted Pope here.

Mrs. R. V. Allison accompanied Mrs. Selman Waksman to Miami and Boca Raton Monday visiting friends of the latter. Mrs. Waksman, who has been staying at the White Hall in Palm Beach, left yesterday for her home in New Brunswick.

Miss Nancy Crossen will leave Sunday for Tallahassee after spending the mid-term vacation with her parents, Mr. and Mrs. Harry Delaney.

Billy Rae Evans is visiting his parents, Mr. and Mrs. W. J. Evans during the mid-term vacation from University of Florida, Gainesville.

Mr. and Mrs. D. C. Dehaven attended graduation exercises at the University of Florida, Gainesville, for their nephew, Elwood D. Castles, who received his degree in education. Mr. Castles returned with the Dehavens for a visit here.

Mr. and Mrs. Robert E. Cook (Joanne Livingston) announce the birth of a daughter, Nancy Gay, February 4, at Belle Glade Memorial Hospital.

Mr. and Mrs. Maurice McClain of South Bay announce the birth of a baby girl, Francis Nadine, January 31, at Belle Glade Memorial Hospital.

Mr. and Mrs. Eugene Hingston, (Joann Jones) of Clewiston announce the birth on January 29, of a daughter, Barbara Ann, at the Belle Glade Hospital.

Mr. and Mrs. Cecil L. Dean of Pahokee announce the birth of a daughter, Judith Diane, February 5, at Belle Glade Memorial Hospital.

Mr. and Mrs. Carmen Ebone of Gainesville are visiting at the home of Mr. and Mrs. Clive A. Boone.

Mr. and Mrs. Jimmy P. Cobb Jr., of West Palm Beach, former Belle Glade residents, announce the birth of an 8 lb. 2 oz. baby girl, February 3, at St. Mary's Hospital.

The baby has been named Pamela June. Mr. and Mrs. Bryant McClelland are the maternal grandparents, the mother the former Mae McClelland.

CANASTA PARTY GIVEN AT DONALD KIRCHMAN HOME  
Mrs. Donald Kirchman entertained her Canasta Club at her home last Thursday night. Club members playing were Mrs. S. L. Wright, Mrs. Ralph Mathews, Mrs. Clarence Williams, Mrs. Earl Seyler, Mrs. O. E. Gangstad, Mrs. Malcolm Bedsole, Mrs. Frank Phelan. Other guests: Mrs. Charles Henry, Mrs. Jack Thorne, Mrs. Caroline White, Mrs. Marylyn Breeding and Miss Kathryn Coleman.

Prizes for high score were won by Mrs. Frank Phelan and Mrs. Jack Thorne.

Refreshments were served following the game.

LUNCHEON GIVEN FOR MISS SHIRLEY CONNELL  
Mrs. Z. T. Ingram entertained at her home with a noon luncheon Wednesday, January 31, complimenting Miss Shirley Connell whose marriage to Robert Earl Mathews Jr., will take place tomorrow at 11 a. m. at the Community Methodist Church.

Covers were laid for Mrs. Frank Dooley, Mrs. Francis Harris, Mrs. Paul Seyler, Mrs. L. P. Parsons, Mrs. John McKenzie, mother of the bride-to-be and her aunt, Mrs. Rosa Thornton.

Personal gifts were presented to Miss Connell.

MRS. F. DOOLEY ATTENDS GRADUATION EXERCISES AT UNIVERSITY OF FLORIDA  
Mrs. F. C. Dooley and children, Jimmy and Patsy, have returned from Gainesville where Mrs. Dooley attended graduation exercises at The University of Florida for her brother-in-law Lorenzo Connell who received his B. S. A. with honors. Mr. Connell has also recently been elected to Phi Kappa Phi National Honorary Society.

Mrs. G. R. Townsend and small daughter, accompanied Mrs. Dooley and visited with and Mrs. T. E. Duncan in Gainesville.

BIRTHDAY PARTY GIVEN FOR LITTLE NANCY RAWLS  
Mrs. W. J. Rawls Jr., entertained Tuesday afternoon in compliment to her daughter, Nancy's third birthday.

The children were entertained with games and served refreshments.  
Little guests included: Mickey and Corky McKee, Tommy and Peggy Sue Williams, John Bamford, Douglas Wedgworth, Deborah Wedgworth, Victor McDonald and Barbara Williams. Other present: Mrs. Jerry McKee, Mrs. George Wedgworth, Mrs. Jimmy Williams, Mrs. Labron Williams, Mrs. Victor McDonald and the grandparents, Mr. and Mrs. W. J. Rawls.

QUANTITY RIGHTS RESERVED

901 N. W. LAKE ROAD

BELLE GLADE, FLORIDA

Florida's March of Dimes Queen—Little Bonnie Pomeroy, only Florida polo victim considered in National Poster contest where she was one of top three in final selections, is ready for the January 15th opening of the March of Dimes drive.

**VETERANS INFORMATION**

Payment of a second special dividend totaling \$885,000,000 to the holders of some eight million National Service Life Insurance policies was announced today by Carl R. Gray, Jr., Administrator of Veterans Affairs.

Dividends will be calculated through the anniversary date of the policy in 1952 and payment will follow a general schedule over the period of one year. The first checks will be ready in April. VA emphasized that no deviation from calculations or advancement in the production line can be made.

Veterans were urged by VA not to write regarding the second dividend, since correspondence will cause removal of the file from the production lines and delay payment.

The payments will cover a three-year period from 1948 to 1950.

dividends up to their anniversary in 1951.

Of the more than 16 million policies involved in the first special dividend, only 40,000 for which application has been filed remain to be paid. These require special handling. VA said that the vast majority of the remaining policies required extensive research for development, many of them from records owned by the VA, to verify premium payments. This is a vast reduction from the approximately 400,000 of these cases requiring special handling that remained to be paid on June 1, 1950. Veterans who have applied and who are entitled to payment of the first special dividend and who have not yet received checks were assured by the Veterans Administration that every effort is being made to effect payment.

Unlike the first dividend, no application will be required for the second dividend. In any case where there may be a question as to the address of record, a special two-part record card will be mailed for verification of the proper address before a check is sent.

Special dividends are payable only in cash and must be left on deposit at interest. However, the check may be cashed and the proceeds used to repay insurance premiums, which results in savings equal to three per cent annual interest on premiums paid more than three months in advance.

1951. Policies held in force for a total of three months more during this period will be eligible for dividends. This applies both to term and permanent plan policies, including those which have lapsed or were terminated by death of the insured. The amount of dividend earned by each policy will vary according to the number of months it was in force, the plan of insurance, the age of the insured at the time it became effective. Studies on rates still are being made, VA said.

The first special dividend of \$2.8 billion, payment of which now is virtually completed, covered the period each policy was in force up to its anniversary date in 1948. The second dividend will be for the number of months in force from that date to the corresponding date in 1951. Policies issued in 1948, 1949 and 1950 will earn

slender pole that reaches skyward 125 feet topped with a tiny disc measuring only 18 inches across on which these two world famous artists will perform their death defying dance.

Step into the expansive Electric Exposition where hundreds of workmen are busy setting the stage for America's greatest show of household appliances. Here will be seen the latest in television and atomic science.

Watch Elsie, the world's best known burlesque step dancer, from her Creamliner, followed by her son Beauregard and her dignified husband Elmer. A fine furnished apartment is awaiting them in the Pan American Building. Elsie wanted to bring her charming daughter Beulah, but explains that she couldn't take her out of Borden School.

Last to be set up is the Royal American Show. The day before the Fair opens the various rides and shows that thrill and entertain thousands of pleasure seekers on the world's largest midway will be checked and set up ready in every detail when the gates open.

Throughout the vast Fair Grounds, carney folks are erecting their little tents or setting up tables or stands, and the grab joint people are checking their stock to make sure they have plenty of hamburger, hot dogs and cold drinks.

This, briefly, is the busy picture of a great State Fair in the making. Everything will be ready and you can take my word for it, the 1951 Florida State Fair will top them all. It will show improvement in every department and offers the best and most interesting entertainment for young and old. Don't

miss it. Remember the dates—January 30 to February 10.

**SRD 1951 PROGRAM MAY BENEFIT GLADES**

Prospects that the Everglades section may benefit considerably from State Road Department's road and bridge program for 1951, appeared bright this week, according to a report made to the County Commission by the chairman.

Reporting on the SRD annual budget session in Tallahassee last week attended by a county delegation which included Commissioners Rardin, John Prince, Kenneth Foster and Ben Sundy, he said that according to the Tallahassee discussions it appeared that the county "may realize a major portion of the requests that were made in the primary and secondary road budgets."

More than a score of projects were submitted to the SRD by the county, with several of the road and bridge jobs affecting sections of the Glades highway network.

The board chairman also reported to the commission that traffic was moving over a section of Conner's Highway which is now being improved and that work on the last mile of that job has been started.

Rardin also advised the commission that the contractor working on State Road 80 near 20 Mile Bend, should make extensive repairs in the road now in use, particularly near the bridge at Loxahatchee which Rardin described as being unsafe. He said approaches to the bridge were in need of repair and that the entire department needed grading.

The board chairman joined other members of the board

in taking action on several recommendations made in a Grand Jury report in which the commission was asked to study the possibilities of establishing a county road patrol; explore means of setting uniform closing hours for liquor establishments in the county; making some repairs to county institutional buildings and purchasing new equipment for county institutions.

The commission voted to call a meeting Feb. 12 with all municipalities in the county to discuss setting uniform closing hours for all liquor establishments.

**Local Organizations Asked To Sponsor Queen Contestants**

Dean Hudson, the Lake Worth boy who has become one

of the top-band leaders of the day, will take his orchestra to Delray Beach February 14 to the Seacrest high school gymnasium when the South Florida Gladioli Festival queen will be named to reign over the Festival to be held here February 26 through March 3.

The committee in charge of arrangements for the dance include organizations here to sponsor a girl for the contest. The winner will be selected upon the number of tickets which she or her sponsors sell. She will receive awards, ride on the Festival float the night of the parade and serve as queen throughout the week.

Hudson, who was graduated from the University of Florida, has long been known as one of the best dance bands for college hops. He has been heard

on every major radio network on the Coca Cola Spotlight Band program and the Fitch Bandwagon. He and his orchestra was the first band to broadcast coast to coast over the television coaxial network.

The February 14 dance is an introduction to the Festival to be staged two weeks later when special exhibits and commercial displays from throughout South Florida will be shown. The Palm Beach County boy's 4-H club is one of the latest exhibitors securing space. The clubs will show nine prize calves.

The Italian army actually used bullets made from wood during World War II.

There are 200,000 kinds of insects that are known to attack forest trees.

# ANNOUNCING...THE LOVELIEST AND FINEST NEW CHRYSLERS EVER BUILT!

For 1951, Chrysler has developed for you more basic advances in motor car value than any new car line has offered in years!

Whether you expect to own one this year or not... you owe yourself a run at the wheel of a new Chrysler for 1951. Here is brilliant new style... and new basic engineering, too, with over 70 new features and improvements. Here is progress in comfort and performance so bold and so new you will feel its impact in America's motor cars for years to come. Since Chrysler first introduced high-compression performance in 1924, it has been Chrysler tradition to bring you the good things first... to strike out in new paths and open new standards of what you can expect in a motor car. Here, for 1951, is one of the great Chrysler cars. See all these exciting new motoring wonders tomorrow at your Chrysler dealer's—America's newest new car is now on display.

**Gracious new Beauty, to stay new for years!**

Stunning new lines... rich new interiors... Clearbac full-vision rear windows... and remember, your Chrysler's bold-on enamel finish is the all-around toughest, most durable automobile finish known!

**New Onflow Ride, unequalled in smoothness!**

On every Chrysler for '51, Chrysler presents the amazing new Onflow shock absorber... it has over twice the shock-absorbing power of any other shock absorber on any other car!

**New FirePower Engine, matchless in Power!**

Here is Chrysler's revolutionary new Hemispherical Combustion Chamber... engineering secret of FirePower... heart of the most powerful, most efficient, best-constructed engine ever put in an automobile. 180 horsepower. Will outperform any other engine on the road today, with ease. The only engine design that can give full combustion, full compression, full use and value from every drop of fuel.

**New Chrysler-built value throughout your new car!**

Chassis undercoating at no extra cost... Safety Rims on every wheel... Superfinis engine parts... Safety Cushion dash... Cyclobond brake linings... Chrysler engineering skill means extra value all through your car!

**COME SEE THE NEW CHRYSLER**

Best engineered car in the world!

## First Baptist Church

Mrs. Estelle M. Conway, Reporter

Sunday School was opened at 9:30 o'clock with Supt. Shelly P. Hays in charge. All teachers were at their posts. Lesson sub. "The Mighty Worker." The lesson was chanted by the pastor.

11 o'clock devotional service conducted by Dea. E. J. Jackson, after which the senior choir rendered the song service. Announcements followed by the meditation period. The sermon was delivered by the pastor, Thoma, "I Know Jesus." The sermon was short and spiritual. The Y. W. A. of the New Bethel Church and the Y. W. A. of the First Baptist Church, held their city wide meeting at the First Baptist Church, on Sunday afternoon at 3:30 o'clock. The meeting was interesting and highlighted by St. Rosa House's lecture on "A Better Church." At 7:00 o'clock devotional service, by Dea. J. Thompson. The senior choir rendered the song service. Consecrated hymns by the pastor. The pastor preached a wonderful sermon, subject, "The Changeling Christ."

Four members were given church fellowship. The Lord's Supper was administered to members and friends. Monday night the Usher Band held their weekly meeting. Tuesday night the W. H. M. met at the home of St. Francis Morgan. Thursday night general prayer meeting, all members are urged to attend. Friday nights Bible studies, please come and bring your Bibles.

There will be a baby concert after service on Sunday night, Feb. 11th. This program is sponsored by Sis. Ethel McWilliams in the interest of the Pulpit Aid Club. All members and friends are urged to attend. Mrs. Lula Shannon, a member of the Usher Band, became the bride of Mr. Herman Wilson Jan. 27, 1951. We the members of the First Baptist Church invite you to our worship with us in our services.

## New Bethel Baptist Church

Rev. W. Foster, Pastor

Sunday School was open at 9:30 with Supt. Sandy McCall in charge. The teachers were at their posts. Lesson Sub. The Mighty Worker. The lesson was reviewed by Rev. Edward Hubbard. The attendance was good. 11:00 o'clock devotion conducted by Dea. Will House. The sermon was delivered by Rev. Hubbard. Theme, Only be Thy Strong. The sermon was very spiritual. 6:00 o'clock the B. Y. P. U. was open with the president in charge. 7:30 o'clock the sermon was

delivered by Rev. H. C. White, pastor of New Bethel Baptist Church, Labelle, Florida. He preached a wonderful sermon. Mon. night the W. H. M. met at the church with President Rosa House in charge. Lesson sub. Jesus Christ, Friend. It was wonderfully taught by the Bible Expositor and discussed briefly by each member.

Wed. Night the Y. W. C. A. met at the home of Mrs. Deatha Paster.

Friday night church business meeting. The pastor is urging all members to please be present.

The New Bethel Baptist Church always extends a hearty welcome to all visitors and friends.

## MRS. MURRELL PRESIDES AT PTA COUNCIL MEET

Palm Beach county P. T. A. council met at Boca Raton Elementary School, Boca Raton, January 27, from 10:00 a. m. to noon.

The meeting was called to order by Mrs. Daisy M. Murrell, President. A brief devotional program was presented by the Boca Raton Elementary School, consisting of pupils from fifth and sixth grades. Miss Jausita E. Denison is director and principal.

The program included: "God Bless America," "Scripture," "Ist Psalm" by Jeanette Deming; Selection, "Long Road" by The Group; Reading, "Invictus" by Barbara Stevens; Solo, "Bless This House" by Wilbert Demery; Reading, "Declaration" by Agnes L. Demery; Selections, "Still As The Night" and "Ride of Charlot" by The Group and Questions and Answers by A. Pep Song by the audience.

Following the devotion, Mrs. Murrell took charge of the meeting. Reports and plans were made. Thirteen schools were well represented. An exhibit of Handwork and Palm Questions and Answers by A. Pep Song by the audience.

Mrs. Frances Morgan, Chairman of the Program Committee, presented the guest speaker, Mrs. Elizabeth M. Epp, State President of Florida's Congress of Colored Parents and Teachers. Mrs. Epp presented highlights concerning the National P. T. A. Congress, which convened in Washington, D. C. last month. The theme was centered around "How We Can Help Our Boys and Girls."

Mrs. Gajadha of Harlem Academy, Clevelton, was elected delegate to the State P. T. A. convention, which will be held February 15-17 at St. Augustine.

A choir group from Pleasant City Elementary School, West Palm Beach rendered closing selection, "The Lord's Prayer" under the direction of Mrs. Evelyn Wildgoose.

Refreshments were served by Boca Raton Elementary pupils. The next meeting will be held here February 24, at Everglades Vocational High School.

## Everglades Vocational High

N. F. A. News

Thirty members of the N. F. A. Chapter of E. V. H. took a trip to the Belle Glade Experiment Station on Friday, Jan. 26, to investigate the various methods that Professor Kidder is using to produce the desired type of animals that will with stand the tropical heat.

Some of the outstanding breeding crosses they observed were: Brahman and Red Devon, Brahman and Angus, Holstein and Brahman, Guernsey and Brahman, and Jersey and Brahman. This observation trip was made, closing the first semester's plans. Mr. J. J. Holliday, local chapter advisor, worked faithfully with Mr. Kidder in making this trip possible. All chapter members seem to have received some very helpful information from Mr. Kidder's lecture. They were able to see some of the things which they had discussed in their classes during the first semester.

Sports News

It was announced two weeks ago that the following senior boys of E. V. H. made the All-Conference Football Team: Matthew Paige, Walter Alexander, and Herbert Collins.

The boys and girls' basketball teams are off to a fairly good start this season. The boys' team has played three games away and four at home, and the girls, two away and four at home. Thus far, the boys have won three games and the girls, four. The remaining schedule is as follows: Stuart, (Home) February 12; Clevelton (Away) February 14; Stuart (Away), February 16; Carver (Home), February 18; Stuart (Home), February 20.

Under the management of Willie Lamar, the fifth and sixth soft ball team has played three games and lost one. The team has played the following teams: Rosewood Elementary (South Bay) There, 2-9; Lake Shore Elementary (Belle Glade) There, 4-1; Rosewood Elementary (South Bay) Here, 11-1.

The members of the team are: Roy Hills, Sam Nelson, Ulysses Holmes, Eddie Lawrence, Robert Thomas, Calvin Taylor, Willie Lamar, Israel Lockett, Eddie Walker, and Willie Lamar.

Elementary Mothers' Club

The Elementary Mothers' Club of Everglades Vocational High School has held two meetings in the New Year. Both were well attended.

All members are still working toward helping to accomplish our project for the year. All parents are welcome to come and join. Our regular meeting nights are the first and third Tuesdays in every month.

First Grade A

The First Grade A pupils and teacher, Mrs. Annie M. Gallows, are very happy to have little Willie Smith back in school. He has been ill with pneumonia.

This week our class began making some colorful ABC Booklets. Everyone is cutting, pasting, coloring and trying to make the best book.

Fourth Grade B News

The Fourth Grade B has the following best spellers for the week: Freddie and Leonard Jones, brothers.

Fifth Grade News

The Fifth Grade pupils are making some colorful Language Art books. They are also making some beautiful designs in finger painting.

This week the following pupils were elected as Best Spellers: Lillie Mae Wright, Sarah Hill, Margaret Allen, Henry Lockett, Louise Harrell, Herman Lawson, Max Fay Allen, Mendel, Rudolph Davis, Genevieve George and Leroy Nelson.

Lake Shore Elementary School

By Miss M. C. Edgemoor

The Mothers' Club of Lake Shore met on last Tuesday evening with the president Mrs. Spottie Hanford, presiding.

Having for their main topic: The Selection of Mothers for the various classes of the school. These mothers would serve as mediators between the parents and the teachers to strengthen their relationships for the benefit of the child.

Several mothers who were present chose the classes with whom they wanted to work: Grade 4A, Miss Edgemoor, teacher—Mrs. T. Tinsley; grade 2B, Mrs. Evans, teacher—Mrs. Bragg, Strawder and Collier; grade 6A, Miss Palma, teacher—Mrs. Egleston; 1B, Mrs. James, Teacher—Mrs. Goltson and grade 1A, Miss Young, teacher—Mrs. Blake. Others will be mentioned later.

These singers can be heard every Sunday morning at 10:05 over station W. G. B. S., Miami, Florida.

If you come to hear them, you won't regret it for their singing will always remain in your memories.

Don't forget, February 19th at 8:45 p. m., Lake Shore Elementary School, South West Avenue A.

On Saturday evening, Feb. 10, at 8 o'clock, there will be a "Teen Age Warm-Up Hop" at Lake Shore Elementary School Auditorium.

Come and bring your best dance partner.

Good music! Yes, the Jazz Band of E. V. H. will render the music. Price is only 25 cents.

GLADES CONSTRUCTION INCREASES DURING 1950

This area showed a healthy increase in building activity during 1950, compared to 1949. P. P. deMoya, manager for Florida Power and Light Company, stated yesterday in discussing figures for the past years.

"The number of new electric service connected is a reliable index to the number of new buildings completed," deMoya said. "During 1949, in our Glades district, we connected 252 new electric customers, while during 1950 we connected 312, an increase of 24 per cent."

"Although 1949 was considered a year of unusually great construction activity, these figures indicate that 1950 was an even better year."

"We are very proud of the record achieved in our area. The number of buildings completed, including many new and attractive residences, indicates that the condition of our area is prosperous."

deMoya said that the power company, in its current expansion and improvement program, has greatly increased its facilities to make the benefits of electric service available to Florida's growing population and to improve service. In the matter of lines alone, Florida Power and Light Company, during the past five years, extended its distribution of electric transmission lines from a total of 6,289 miles to 9,629 miles, an increase of 54 per cent.

Mrs. Griffin Hostess To Hannah Scoggins Circle

Hannah Scoggins Circle of The First Baptist Church met Tuesday evening at the home of Mrs. Wade Griffin.

Mrs. S. B. Gregory was in charge of the program entitled "If," assisted by Mrs. Hubert Tillery, Mrs. Sam Berry, Mrs. Rose Derris, Mrs. Edna Cook and Mrs. S. M. McAllister. Devotions were given by Mrs. J. H. Norfleet.

At the close of the meeting refreshments were served by Mrs. Griffin, assisted by Mrs. Edna Cook, to the eighteen members and four guests present.

Pineus, caribee, or slash pine is the tree most used in Florida's reforestation efforts.

## INSPECTION OF WATER

(Continued from Page 1)

vious commissioners had been disinterested in operation of the plant and left the management entirely to plant personnel.

Toward a remedy of the conditions, Lee assured local authorities he would work with them by making suggestions and recommendations. Commending the chamber of commerce for its interest, he stated that Wells would return soon to spend a few days with Throp advising him and checking the water situation.

Expressing his attitude, Collins, present water commissioner, said he will take steps to see that further improvements are made and that he will come suggestions and recommendations from the state board.

"I want to see that the plant is put in first class condition and maintained in that state. I will see that Throp and other workers here attend the special short courses and that water samples are sent on schedule," Collins stated.

Following the official visit and report, chamber of commerce directors at a meeting Tuesday night moved to continue to work with water department personnel and the commissioner until the plant meets the proper standards.

Collins, guest at the meeting, said that directors had further action until department workers have completed work which they can do right away and that he meet back to discuss with them jobs which present obstacles.

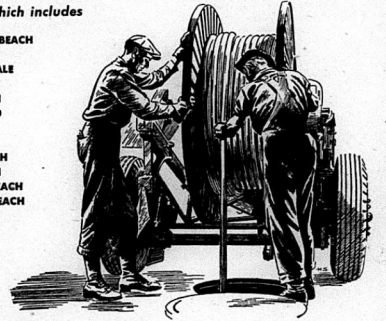

Discussion disclosed divided opinion as to whether the blame lies on improper installation when the plant was built. The secretary was directed to write the state chemist requesting that a copy of the report on monthly samples from here be sent to the chamber of commerce.

# Telephone Growth is Breaking Records Here

...5-Year Telephone Growth Equal to All Previous History

in the area which includes

WEST PALM BEACH  
HOLLYWOOD  
FT. LAUDERDALE  
BELLE GLADE  
LAKE WORTH  
HOBE SOUND  
LAKE PARK  
PANAMA  
DELABE BEACH  
BOCA RATON  
BOYNTON BEACH  
POMPANO BEACH  
FT. PIERCE  
ST. CECILIA  
STUART  
VERO BEACH

Imagine your telephone system growing as much in the past five years as in all its previous history! In some respects it beats that—telephones more than doubled, long distance circuits nearly doubled, rural telephone nearly tripled.

In the last five years Southern Bell has built more than \$17,176,000 worth of new facilities to improve and expand telephone service in this fast-growing section. To keep up with continued growth, rapid construction will have to continue for years to come.

This will take a lot of new capital. The money paid by our customers goes to pay wages, upkeep, taxes and other costs of operation and not to pay for new plant. The money for new plant is secured through the sale of our stocks and bonds to people who have money to invest and who can be persuaded to put it in our business rather than in some other business.

That makes it important to this area and to the state to have a financially healthy telephone company—one capable of paying its costs of operation and earning enough to make it worthwhile for people to invest their savings in the telephone business.

E. F. REDDY, District Manager

## THE RECORD IN THIS AREA

68,197 applications for telephones received—42,382 taken care of.

15 new buildings or building additions completed.

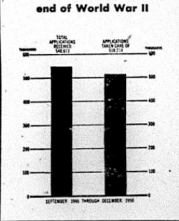

Long distance circuits nearly doubled—time for completing the average Long Distance connection reduced to about 2 minutes.

### MISS HORTON GIVES TALK ON HOME CANNING

Miss Sara Horton, home demonstration agent, gave a talk on home canning and a demonstration of the method of canning snap beans. She also talked on the home freezer method of food conservation. Mrs. H. C. Willis presented the report on the recent county council session in West Palm Beach and a talk on food conservation.

Mrs. H. C. and Mrs. E. M. Willis were hostesses and served chocolate cake and coffee to Mrs. Verda Higginbotham, Mrs. I. M. Davis, Miss Horton, Mrs. I. P. Roberts, Mrs. Eddie Hanford, Mrs. Norman Dalrymple, Mrs. W. G. Byrd, Mrs. C. J. Peacock, Mrs. A. L. Cumpton, Mrs. Eric Hartline.

### LIONS CONDUCT FIRE DRILL AT SUPPER MEET

The Lions Club of South Bay last week enjoyed a supper donated and served by Mrs. Eric Hartline, Mrs. C. J. Peacock and Mrs. Verda Higginbotham. Following the supper and over the table discussion, the group adjourned and conducted a fire drill.

Speakers at the session this week will be County Agent M. U. Mounts and Assistant John Causey.

### 4-H CLUB MEMBERS GIVE SEMESTER EXHIBIT

The 4-H Club of South Bay had their first of the semester exhibit of work accomplished the first half year. First year cooking members had exhibits of table setting, fruit juices, stuffed celery and potato salad. Second year members exhibited salads. Third year members exhibited cake, rolls and jello. Fourth year members had meat loaf, deviled eggs, banana pudding and salad. Pins for accomplishments were presented to Barbara Willis in third year work, Janese Thumms and Nina Mae Haulcomb in fourth year work. The second half year will be devoted to sewing.

### COUNTY MAN APPOINTED HIBISCUS SOCIETY PRES.

J. K. Brower of West Palm Beach was appointed to the executive board of The American Hibiscus Society at a meeting held Sunday at Fairchild Tropical Garden, Miami. The appointment was made by Thomas Reusser of Bradenton, president of the society. Brower had originally been

executive secretary of the association, but he resigned because of personal business.

Ruth Stuart Allen, Editor and Publisher of Tropical Gardening magazine, Coral Gables, has succeeded Brower as executive secretary.

Other Palm Beach County men serving on the board are Harry Gresser of West Palm Beach and E. Tinsley Halter of Palm Beach.

Membership, which is open to both commercial and lay persons interested in the promotion of Hibiscus, extends from Honolulu to San Juan, Puerto Rico, but the concentration of it is in South Florida.

General purpose of the society is to encourage the development and improvement of Hibiscus and to record and make available pertinent information. Also to standardize Hibiscus names and to provide a registry which will function as a clearing house and thus avoid duplication.

### SO. FLA. GIRL TO BE CHOSEN GLADIOLI QUEEN

A South Florida girl will be selected as queen of the Fifth Annual Gladioli Festival at a dance to be held at the Seacrest high school gym February 14 when Dean Hudson and His Orchestra will provide music for the occasion. Girls between the ages of 16 through 21 are eligible to enter the contest.

Each girl must be sponsored by an organization. All tickets she secures will be counted as points for her. The girl selling the most tickets will be named the winner and she will receive \$50 in prizes as well as the opportunity to reign over the Festival to be held here February 28 through March 3.

Further information may be obtained from Mrs. Herbert Hively, Atlantic Avenue, Delray Beach. Dean Hudson's "name band" is expected to draw the largest crowd ever to attend a dance in this area. The gym floor will accommodate an unusually large number of people and the raised seats will provide ample space for spectators.

### WILSON SAYS TOXAPHENE WILL BURN VERY YOUNG LETTUCE AND ESCAROLE

While 10 per cent toxaphene is an excellent control for cutworms on lettuce and escarole, it should not be used on these crops until at least 10 days after emergence from the soil, according to Dr. J. W. Wilson, entomologist with the Central Florida Agricultural Experiment Station.

Applying 10 per cent toxaphene to lettuce and escarole plants that are less than 10 days old may result in severe damage to the leaves, Dr. Wilson said.

### AGRONOMY FIELD DAY PROGRAM WILL STRESS RESEARCH WITH GRASS

Recent research findings with grasses and other pasture plants will be emphasized at the Agronomy Field Day at the University of Florida Agricultural Station on March 6 in Gainesville.

The all-day program, arranged by Dr. Gordon Killinger and other members of the Experiment Station agronomy department, will include reports by research workers on pasture crops, inspection tours of Experiment Station pasture plantings, inspection of tobacco plant beds and discussion of varieties and disease control, and a morning assembly session.

Farmers from all parts of the state who are interested in pastures and many Florida seedsmen are expected to attend the field day to learn the latest findings on permanent pasture grasses, oats, lupines, clovers, combination grass-legume pastures, pasture fertilization, and other phases of pasture development and management.

The field day program will get under way at 9:30 Tuesday morning, March 6, with addresses of welcome by Director Willard M. Fifield of the Experiment Station and Dr. F. H. Hall, head of the Experiment Station agronomy department. Following this assembly meeting, the attending farmers

and others will visit pasture plantings on the Experiment Station farm and hear research workers make their reports in the field.

Besides Director Fifield and Drs. Hull and Killinger, other Experiment Station workers who will appear on the program include Drs. D. E. McClellan, Darrell Morey, E. S.

Horner, A. T. Wallace, and R. W. Bledsoe, and Fred Clark and Myron Grennell.

Two dollars is a conservative minimum return per woodland acre per year when land is not burned, but 25 cents is the average return per woodland acre per year when land is burned frequently.

## YOU'RE LOOKING AT THE Newest Car in the World Today

Take your pick! 4-door Sedans, 2-door Sedans, 6- and 3-passenger Coupes, Riviera, Convertibles  
**New in Style—New in Structure—New in Power—New in Thrift—Potent in Price Appeal—It's the 1951 BUICK SPECIAL!**

HERE is good news for folks with a shrewd eye for what their dollars will buy.

Here is a tidy traveler that defies the upward trend of costs—proudly wears a 1951 price tag like that which zoomed last year's SPECIAL into popularity so great that it put a crimp in "the low-priced three."

Take our word for it, this is every inch and ounce a Buick—Buick-featured, Buick-designed, Buick-built from the ground up—but literally the newest thing on wheels.

The sturdy and ample body is new. The high-strength frame is new. The power is new to the SPECIAL, which now has the

thrifty F-263 engine that first made its name in the SUPER, and here delivers 120 horsepower with standard transmission—128 with Dynaflow Drive.\*

It's a Buick with less weight and more power—and that spells a pair of new thrills for you. There's a performance thrill such as you've never enjoyed in the SPECIAL—plus a handsome gas-saving in the bargain.

We'll make a prediction now as to what title folks will give it, once they get it out on the road.

\*Standard on Buick MASTER, optional at extra cost on other Series.

That title in three words, will be: "Thriftiest Buick Yet!"

Better hurry around to your Buick dealer's and look this marvel over. We'll give you another prediction—which is:

Once this one's discovered, the demand will be terrific.

**No other car provides all this:**  
DYNAFLOW DRIVE • FIREBALL POWER • PUSH-BAR FOREFRONT • WHITE-GLOW INSTRUMENTS • TORQUE-TUBE DRIVE • 4-WHEEL COIL SPRINGING • DREAMLINE STYLING • DUAL VENTILATION • BODY BY HSH
